Zapco ST-4X DSP (BT) - wzmacniacz czterokanałowy z DSP , moc RMS 4x65 Wat przy 4 Ohm

Cena	1 699,00 zł
Dostępność	Dostępny
Czas wysyłki	48 godzin
Producent	Zapco

Opis produktu

Studio-X Amplifiers with DSP

ST-X DSP: The Studio line was designed to bring great Zapco sound quality to a line of compact chassis amplifiers and they have sold extremely well. With top end internal components and innovative design, they have market leading performance. Now, for 2018, Zapco offers four of the Studio series amplifiers with on-board digital processing (DSP). With each of these ST-X DSP amps you get an on-board 6-channel DSP with high-pass and low-pass filters, phase control, signal delay, and 15 channels of parametric equalization on each channel. To make tuning a breeze we developed and highly functional but easy to use control program (GUI) for PC, and for added convenience, you can make adjustments wirelessly with your smart device.

The ST-4X DSP and the ST-6X DSP give you the great class AB sound with the compact chassis of the ST-X series and the amazing control and tuning ability of Digital Processing. With these DSP/Amplifiers you are not trading power for control, you get both. The ST-4X DSP will give you 4 x 80W/Ch @4Ω and the ST-6X DSP gives you 6 x 100W/Ch @4Ω.

Features and Functions

4-Channel, Full Range, Class A/B

On-Board, Full Function, 6-ch. Digital Signal Processing

High-pass and low-pass filters, phase control, signal delay, and 15 channels of parametric equalization on each channel

BT Streaming: Bluetooth Port for external APTX HD Module (optional)

Specifications

Power @ 4Ω: 4 x 65 watts

THD @ Rated Power < 0.5% THD

Power @ 2Ω: 4 x 95 watts

Power Bridged @ 4Ω: 2 x 190W RMS

Signal to Noise Ratio > 90dB

THD + Noise < 0.2%

Channel Separation >60dB

Frequency Response 15Hz to 30KHz ± 1 dB

Input Sensitivity .25v to 5v

Dimensions in mm: 160(W) x 52(H) x 282(L) Overall: 160(W) x 52(H) x 320(L)
